

BEYOND BASIC

Mechanical Ventilation Instructor Course

Beyond BASIC Mechanical Ventilation Instructor Course (3 days) includes one day instructor training and two days teaching with experienced Beyond BASIC Instructors. You will cover how to teach the practical aspects of mechanical ventilation of critically ill patients for intermediate-senior Intensive Care trainees who attend the Beyond BASIC Course. The course consists of course manual, brief clinically-based lectures, skill stations, e-learning and pre- and post-course tests. The course will be held at the **St George Clinical Skills Centre**, St. George Hospital, Gray St, Kogarah.

I am registering for the Beyond BASIC Instructor Course to be held _____ as:

Fellow \$400 (includes GST)
 Consultant

Pre course materials can be collected from the Clinical Skills Centre or mailed to you once full payment is received.
